- ✓ Vaccination (see below)
- ✓ Heartworm Test & Preventative Medication
- ✓ Flea & Tick Preventative
- ✓ Stool Exam
- ✓ Dental Screening
- ✓ Discuss Bordetella, Influenza & Lyme Vaccines

### Vaccinations at Time of Annual Visits

First Year - Distemper Vaccine  
Rabies Vaccine (3 year vaccine) \*

Years 2, 5 & 8 - Distemper Vaccine (every 3 years)

Years 4 & 7 - Rabies Vaccine (3 year vaccine) \*

\*Rabies vaccine is available in a one year and three year formulation. General recommendation is a three year vaccine, on years alternating with the distemper vaccine

We recommend twice yearly exams for senior dogs (ages 7 years and older).
